

CONTRACTOR CHECKLIST

- **PLAN YOUR ACTIVITY.** If you are planning work within 30 metres (100 feet) of the pipeline easement, you are required to contact M&NP at 1-888-444-6677 to seek approval for your plans.
- **RECEIVE A FREE LINE LOCATE.** Within two full working days (48 hours) M&NP will complete a free line locate and subsequent authorization (if approved). M&NP must also receive notification 48 hours prior to any activity.
- **RECEIVE APPROVAL FOR HEAVY VEHICLE CROSSINGS.** All heavy vehicle crossings (e.g. forestry equipment, excavators, bulldozers) must be reviewed and approved for each individual crossing location - prior to the actual crossing of the pipeline.
- **ALLOW EXTRA TIME FOR COMPLEX CROSSINGS.** NEB regulations allow M&NP up to 10 days for design review and approval of complex crossings such as utilities, roads that cross, are parallel, or in close proximity to our facility, or any other ground disturbances posing integrity issues.
- **BE ON SITE WHEN THE PIPELINE IS LOCATED.**
- **KNOW THE MEANING OF THE PIPELINE MARKERS.** No mechanical excavation is permitted within three metres (10 feet) of the pipeline unless the location is verified by hand-digging or hydro-vac methods.
- **ALWAYS FOLLOW THE INSTRUCTIONS OF THE M&NP COMPANY REPRESENTATIVE.**

FOR ADDITIONAL INFORMATION, PLEASE REQUEST A COPY
OF M&NP'S DETAILED CROSSING GUIDELINE.
